TROMSØ'S APPLICATION FOR EUROPEAN YOUTH CAPITAL 2026

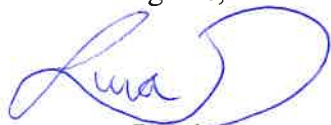

We, the Youth Council of the Municipality of Tromsø, hereby confirm that we support and take part in the application for European Youth Capital 2026.

The process to develop the application has been open and we have included a diverse group of young people, not only the local and regional youth councils, but also young people and young adults from various NGOs, independent groups, with different cultural or social backgrounds, as well as policy makers, city planners and other stakeholders.

We have enjoyed the process so far and we are looking forward to the future!

Please feel free to get in touch with us if you have any questions.

Best regards,

Luna Drecker
Elected leader, Tromsø Youth Council
